TRAINING BROCHURE

Empowering Future IT Professionals Through Industry-Based Learning

ESTD: 2022 • SAVAR, DHAKA

ABOUT IQRA SOFTWARE PARK

Iqra Software Park is a leading IT training and software development organization dedicated to developing skilled professionals through industry-focused training and practical learning.

Our comprehensive training tracks are engineered to bridge the gap between academic theory and actual industry requirements, ensuring that program graduates are thoroughly equipped to succeed in both local and international career markets.

PROGRAM STRUCTURE

DURATION	TRAINING MODE	LIVE PROJECTS	CERTIFICATION
3 Months	Physical / Hybrid	Fully Included	Official Provided

HANDS-ON DEVELOPMENT PRACTICE

Students participate in immersive technical development. Below is a conceptual example of a modern backend architecture framework implemented by trainees during live project sprints:

```
// IQRA Software Park - Live Project Sample API Route
import { Express, Request, Response } from 'express';
const initializeAttachmentModule = (app: Express): void => {
  app.get('/api/v1/trainees/portfolio', async (req: Request, res: Response) => {
    try {
      const data = await db.Trainee.findMany({ where: { grade: 'A+' } });
      res.status(200).json({ success: true, payload: data });
    } catch (error) {
      res.status(500).json({ error: 'Internal System Error' });
    }
  });
};
```

PROGRAM BENEFITS

Real Industry Experience

Career Guidance & Mentorship

Immerse yourself into operational corporate environments and workflows.
